Civil Defense Pushed

2-2 Split Rejects General Fund Claims

Civil defense in the light of the impending departure of the National Guard unit was considered at the board of supervisors meeting Monday during which the general county fund claim docket for August was followed by a 2-2 vote.

Board President R. G. Hubbard, Jr., Beat 5 member, was joined in voting against approving the docket by Beat 1 Supervisor Charles A. Russ, Jr., while M. Frierson, Beat 2, and Charles Lavinghouse, Beat 3, voted yes. The deadlock meant the docket was turned down so it appears court action is the only way the bills can now be collected.

Hubbard was the lone dissenter when the July docket came up last month and has been adamant in his stand on the matter since the general county fund is depleted despite efforts of the board attorney, Lucien M. Gex, to convince him legal bills should be approved even if they can't be paid. Monday's vote on the docket was quick and with no discussion.

Appointment of three members to Hancock General Hospital's board of trustees which has been pending all month was

postponed until next Monday when the supervisors agreed to act whether or not Beat 4 Supervisor James Necaise is present. Necaise has been out all month recuperating from a coronary attack but Frierson had some tart words for his absence, saying he should be attending to his business at the Courthouse if he can attend football games.

Lavinghouse said Necaise had given him a name to nominate as the Beat 4 member but Frierson said Gex had advised no appointment from the beat could be made until the supervisor returned, and Gex spent considerable time checking the law on procedure. Russ then nominated K. W. Pepperdine for reappointment as one of the two at-large members but Lavinghouse, a former hospital trustee himself, suggested holding up until Monday and the motion died.

Following a request from the Vicksburg district, Army Corps of Engineers, for cooperation in a radiation fallout shelter survey, it was decided to invite the engineers to meet with the board, and officials of Bay St. Louis and Waveland as well as civil defense personnel to discuss the shelter problem.

Joseph V. Colson of Waveland, recently appointed special assistant to the state CD director, asked the board to go into civil defense carefully now that the National Guard is leaving in event of home disasters such as the drownings last spring in Hickory Creek. He said Lucien Kidd, Bay St. Louis CD chief, had assured him the city's equipment would be available for emergencies but he noted the shortage of workers and need to mobilize them.

Both he and Sheriff Gerald V. Price emphasized the inadequacy of present local radio facilities and the sheriff offered to secure a personal loan from the bank to buy the necessary equipment but Hubbard said this was out of the question.

Winding up the quick session, Russ moved, seconded by Lavinghouse to support tax relief for the proposed Standard Oil refinery at Pascagoula as requested by the State A&I Board. The resolution stated the board's intention "to exempt real and personal property in connection with the oil refinery to be located in Mississippi from ad valorem taxation, to the maximum extent authorized by the constitution of (Cont. on Page 6.)

Meters Due Again for Beach Area

Parking meters in the area of Main Street and Beach Boulevard are scheduled to be operating again before the end of next week, according to Mayor John A. Scaffide.

After a year's trial the meters were removed last June at the insistence of most of the merchants in the affected zone. By that time the city, which was using the meters on a cancellable lease-purchase agreement with Duncan Parking Meter Co., had equity of over \$1,800 in the meters, about one-third of their cost.

Although the contract was terminated by the city, the meter company has agreed to give the city the equity in the meters it had earned.

Scaffide and Commissioners Cyril Glover and Warren A. Traub explained that the general public almost unanimously had asked for the meter's return and that, with the prospect of Industrial Electric's plans opening in January with an additional \$350,000 payroll, the desirability of meters would be increased.

In addition, though not emphasized by council, an additional one-half mill tax for parks and playgrounds would have been needed without the revenue the meters returned in their year of operation.

NORTH CENTRAL DELEGATION - Leroy Ory, center standing, tells complaints and suggestions from patrons of Hancock North Central School to the county board of education last Thursday. Among his proposals was a dance at the school following commencement exercises.

N. Central Group Goes Before Board

A delegation of patrons from Hancock North Central School aired a host of complaints, from the retention of Clements Lader as a teacher with temporary certificate to football field lighting and why children can't get seconds in the lunchroom, at the county board of education meeting Thursday night.

Spokesman for the group was Leroy Ory, president of the

school's Parent-Teacher Assn., and they insisted they were there as parents and not P-TA members after Superintendent of Education K. G. McCarty warned such action is not within the province of the P-TA.

End result was that H. H. Shattuck, manager of Coast Electric Power Assn., will be asked to appear at the Oct. 2 session to explain further his estimate of the cost of providing lights for the gridiron which the board considered excessive.

Leo Rouse, North Central superintendent, said the nickel now being charged for milk probably will have to be hiked because the lunchroom program is going in the hole at that now. He was asked to keep a close check on the food served after complaints were made as to its adequacy.

In the delegation were Mr. and Mrs. H. R. Knight, Mr. and Mrs. Melvin Lader, Mr. and Mrs. Robert Hudson, Mr. and Mrs. Joseph Cuevas, Mrs. John Garriga, Mrs. J. F. Buttolph and Melvin Hebert.

McCarty observed the board will have to think shortly about increasing classroom space at North Central with the increase enrollment.

On the motion of Alton D. Kellar, seconded by E. P. Orte, the board approved hiring Lader as a teacher with a temporary certificate for 60 days by the state department of education on condition he takes the required courses for the full certificate. Ory protested that at the last meeting the board had said it would not hire anyone without a degree but Kellar maintained that applied to newcomers to the organization.

Wilton Hodo, school mechanic, conferred with the board about purchases of equipment and was told to buy only from businesses having contracts to supply the system. This came up over purchase of a battery from another company at a price in excess of the bid figure.

Payment of \$4,100 to James Travira as one-third of the bid price for the Gulfview School addition was approved and the \$8,400 proceeds from the Sellers School sale was transferred from district to the building fund on the advice of the auditor. Loren Necaise was hired as temporary driver until the new buses arrive and advertising was authorized for bids on school science equipment.

President Charles B. Murphy presided.

Confederate Ball Slated For Nov. 18

Saturday, Nov. 18, is the tentative date set for the Confederate Ball which will launch Hancock County's Civil War Centennial observance, Thomas O. Logue, vice chairman of the centennial committee, announced this week.

Another centennial event will be a sunrise service next April 15, probably on the beach.

Other occasions which will carry out the Civil War theme are the spring garden pilgrimage here March 22 and the camellia show sponsored by Bay-Waveland Garden Club Feb. 10 and 11. National Hospital Week observance at Hancock General Hospital also will make note of the 100th anniversary of the War Between the States.

Logue reported an all-male choir is being formed locally which will visit other communities as part of the centennial commemoration. Uniforms have been ordered for the last 120 days but have not yet arrived which is delaying completion of that program, he explained.

Local plans were submitted to the state commission on the War Between the States by Logue with the approval of Mayor John Scaffide, general chairman; Russell J. Elliott, activities chairman, and Miss Veronica Mohr.

Elwood Park Committee Seeks Proceeds of Rodeo

Meeting in the office of Dan M. Russell, Jr., attorney for the town of Waveland, Tuesday were Mayor Farfield Lader and Mrs. Fred Bourgeois and Mrs. Herman Mazarakis, members of the Elwood Memorial Park Fund Committee, in an effort to ascertain why funds from the recent rodeo have not been received by the committee.

As Miss Betty Younger, owner of the Lazy Y Arena, at which the rodeo was held, July 27-30, did not attend, letters were sent by Russell to Miss Younger and to Eugene Dowdy, president of the Tri-State Cattle Co., rodeo director, requesting an explanation of the present whereabouts of the Park Fund's share of the proceeds. Another committee meeting will be scheduled upon receipt of replies to this correspondence.

Profits from sale of advertising in the programs totalling \$230 are in the bank and tentative plans have been made to begin construction of bleachers in the park.

2 Mills Go for Schools

A budget of \$400,033, exclusive of school costs, for two mills of the three-tax increase to 39 1/4 mills, proved by commission collection.

The other mill is for school purposes and will be paid by Waveland and outside area residents as well as Bay St. Louis property owners.

Millage for schools was at 19 1/2, up one mill from years 18 1/2, with the increase primarily due to a greatly increased enrollment. Local and homebased exemptions expected to bring in \$171,600, the approximately \$333,000 school board estimates it needs to operate through June 15. State sources provide the remaining school funds.

Other increases were 3/4 mill to 13 mills for the general and general improvement and 1 1/4 mill to 2 1/4 mill for the municipal sinking fund due to the final payment year being greater than in years.

Other levies making up total 39 1/4 mills are parks playgrounds, one mill, and sinking bond fund, 3 1/2 mill. Anticipated expenses include \$58,530 and \$158,914.41 for self-supporting water and systems respectively, \$43,49 for repayment of the two bonds, \$7,689.16 for parks playgrounds and \$131,402 other city expenses. To pay \$131,402 for general city expenses council anticipates a venue of \$132,471.52 from 13 mills levied for that purpose based on an assessment of \$4,700,000.

The city's budget, other for schools, appears on Page CD Horn to Blow Wednesday Noons

Beginning next week Bay Louis' civil defense horn will sound at noon on Wednesday rather than the fire whistle, Defense Director Lucien Kidd announced this week.

The plan is to acquaint public with the horn's sound well as to keep it in work order in event of emergency, he explained.

Clark Hamilton Are Merit Semifinalists

Ann Hamilton Clark and Robert Lee Hamilton, Jr., are semifinalists in the initial stage of the seventh annual National Merit Scholarship tests, Principal Donald Caldwell of Bay High School reports.

They are among approximately 10,000 students throughout the country who attained semifinal status through their high scores on the qualifying examination given last March.

LUTHERANS BUILD - The Evangelical Lutheran Church, Missouri Synod, is under construction on U. S. 90 near Nicholson Avenue. Rev. William Otto, recent graduate of Concordia Seminary, St. Louis, Mo., will be the minister when it opens. (Sanford Photo.)

National Guard Readies To Leave Monday Week

Physical examinations at Keesler Air Force Base were on the calendar today for the 79 members of the National Guard's 13th Transportation Co. who are scheduled to depart Monday, Oct. 9, for active duty at Camp Chafee, Ark.

Sgt. Wilbert Adams said the group was to leave in uniform about 10:30 a.m. and spend most of the day there for check-up before mobilization.

A number of the unit's trucks were sent to Camp Shelby Tuesday for repairs and maintenance before the guard pulls out for Arkansas. They are due back Friday.

Meanwhile a regular Army advisor, Major Cunningham of Jackson, is due here tonight to discuss financial matters with the men. Sergeant Adams reported. Numerous questions have arisen about the status of loans since the men were called up, he said, and this conference is designed to explain some of the methods of handling them while the company is on active duty.

The Veterans Administration offices in Jackson have advised Adams that VA loan payments will be reduced according to the man's service pay, with time set

Blood Bank Sets Drawing

Oct. 25 was set as the tentative date for the next drawing of the Hancock County Blood Bank when the organization met last Thursday night at the Legion Home.

Final details will be worked out at a session just prior to that date when technicians from Foundation Hospital in New Orleans will come to conduct the drawing at the Youth Center.

Every effort will be made to get donors from the rural areas to build up the supply, officials said. As of Sept. 1, the local bank had about 120 units on hand but the figure is down close to 100 by now.

Jaycee Posts Changed by Military Call

Call to active military duty has necessitated a number of committee changes in the Bay St. Louis Jaycees, N. Norton Haas, Jr., president, announced this week. The new appointments are subject to approval by the board of directors following the membership meeting next Thursday.

Bert Stiefel has been named building chairman to replace Andrew Arceaux who has been called up with the local National Guard unit. Carlos Arnold will take over the interclub relations and extensions chairmanship formerly held by Stiefel.

T. J. Bourgeois, member of the youth and sport activities committee, who has also been called to active duty with the guard, will be replaced by Luke Coruso, new member.

Treasurer Ed Salts who has been called to active duty by the Army reserve, has been temporarily replaced by Bill Richards until a special election can be held for this post.

Tom Logue, records and recognition chairman, recently elected State Jaycee national director, will be replaced by Mike Haas to devote more time to his state responsibilities.

1 Convicted in Hijacking Case

One defendant in last year's pre-Christmas hijacking of a Stiefel Brothers beverage truck near Kilgus was convicted before Judge Leslie Grant in the closing session of the September term of Circuit Court this morning, but three John Doe warrants are still pending.

James Blackwell, originally charged with armed robbery, pleaded guilty to assault and battery with a deadly weapon on Donald Dorn and Alton Stiefel who were operating the truck. Judge Grant fined him \$1,000 and one year in the county jail, suspended on condition of good behavior, on each of those charges and \$500 each on two charges of willfully trespassing on the property of Dorn and Stiefel.

Other cases heard by Judge Grant this morning included an appeal from justice of the peace court by John Bush on charges of assault and battery of Ulysses M. Lader. Bush was fined \$100 and costs with a 10-day stay of execution.

Trial of Alfred Andrews, Louisiana Negro charged with burglary of Wm. Dixie who is pleading innocent, was continued to the March term.

James Pierce, alias James Holt, and Murray E. Brown, who pleaded guilty last week to shoplifting, were sentenced to one year in the penitentiary and their companions, Mary Pierce and Harold Picheo got one year, the sentence being suspended on condition of good behavior for two years.

A jury last Thursday found Floyd Raymond Fricke guilty of statutory rape and fined him punishment at 30 days in jail after deliberating almost an hour. A defense motion to quash the indictment was overruled.

Also last Thursday, Donald

Feathers, indicted for jail escape, changed his plea to guilty and got three months to be served at the expiration of his current sentence.

Benjamin Adkins, who got a two-year suspended penitentiary sentence for grand larceny last March, was ordered to the pen for six months Monday when Judge Grant revoked the suspension following charges filed against him of false pretense.

On the civil docket a \$750 judgment was returned by a jury Tuesday for Lula Top, Negro girl suing by her father, Henry Top, from Mrs. Irma Baker, Logtown School teacher, as a result of an automobile accident. Richard Shadoin was jury foreman. Frank E. Stevens won a \$1,500 jury verdict from U. S. Fidelity and Guaranty Co. after a motion for a new trial was overruled.

Suits of Ben Christmas, Jr., and Robert L. Young against Thomas A. Kyle were dismissed; Roy Asher's appeal from a drunken driving conviction in JP Court was dismissed with writ of proceador; Coast Wholesale Supply Co. won a \$320 judgment against Gaston and Beatrice Whitten Lodger, and August Rauter, Jr., got \$90 days to amend his declaration in his suit against John P. and Mary Louise Maloney Stern.

Non-suited were actions of Bank of Piquette vs. Dealus O. Cuevas, Ray M. Stewart; Ferdinand Lader, Curvis Lader, Herman Shaw and Walton Shaw while those against Bernice Necaise and Pay P. Peterson were continued.

Roy action during the week was: Everett E. Cook vs. T. D. Ashman, et al, non suit; Hancock Bank vs. Mabel Cadot, continued; General Finance Co. vs. Edward L. Dorslow, defense motion for 60 (Cont. on Page 6.)

2 Grid Games Here

Bay High and St. Stanislaus are working toward the biggest football weekend of the young season here this week, both hoping to avenge defeats of last week in games at St. Stanislaus Stadium.

Bay High opens the weekend of play at 8 p.m. today in a Gulf Coast Conference engagement against Hancock North Central.

The Tigers of Coach Lance Lumpkin are in good condition for the game, and spent much of Wednesday's final practice session in a light workout on offensive plays. Bay High will bring a 1-1 record into the game while North Central is 0-2, losing to Ocean Springs and St. John's of Gulfport.

St. Stanislaus also is in good condition for its game Friday at 2 p.m. with rugged Piquette. The Rocks lost to a good St. Francis of Houma last week and had several injuries, but all were of minor variety and everyone on the Rockchaw squad is ready to go.

Head Coach Reuben Ruiz has worked the team hard during the week. The squad was shown films of Friday night's game and has especially studied blocking and defensive maneuvers.

CD Seeks Ham Radiomen

Owners of Class D Citizens Band two-way radios willing to participate in a local emergency radio net are being asked to register their sets with the local Civil Defense organization.

Plans are being made to organize an emergency radio league among 11-meter licensees, and anyone wishing to take part is asked to notify Director Kidd, HO 7-6642, or Jim Pfeiffer, 8009366, HO 7-5588.

Kidd said that if sufficient interest is evidenced, a meeting will be held in the near future to form such a group.

1961 VERSION OF THE HAWKS - Hancock North Central gridgers are, from left, front row, Larry Shaw, manager; R. Ladner, J. Favre, R. Cuevas, R. Fletcher, A. Williams, D. Koenen, Junior Ladner, third row, Robert Ladner, Mitchell, B. Jordan, J. Necaise, R. Hill, H. Necaise, G. man, H. Necaise, G. Shaw, G. Pidgeon and Bertell Ladner.

Areas All over State Are Inspired by Refinery News

Gov. Ross Barnett's heartening All over Mississippi, inspired by their old industries and to announcement of the acquisition of community leaders ponder the prospect of new ones.
A new \$125 million oil refinery blooms of what to do to land industry. This advertisement for industries to be located at Pascagoula has been placed in newspapers by the Mississippi Development Commission. This prompts us to consider what Connecticut Development Commission has done throughout our state.
New England leaders are doing to follow.

Industrial amendments making it advantageous for the firm to settle in Mississippi.

8. If a 10 year, instead of five, exemption from county property taxes is a good thing, why not a 25 year or a 50 year or just complete exemption?

9. California has no such tax exemption, in fact has much stiffer taxes than does Mississippi, and has been the booming area of this country. (Houston, please pardon.)

10. Hancock County will, at lease in the short run, profit a little by Standard Oil placing its refinery at Pascagoula.

11. Who will pay the taxes that the great big corporation, Standard Oil, would otherwise pay?

12. Advocates of the amendments insist that tax revenues will be increased even during the period of exemption of property taxes for the industry. This they feel will result from taxes of various types paid by those brought to the community or county as a result of a new industry locating there.

13. Should our laws be made for expediency or because they are good laws? Or, are the two inconsistent?

On No. 13 we think hinges the answer for the voters. Of those with whom we have talked, almost without exception (we can think of one), they favor passage of the amendments. One, whom this editor considers a close friend, remarked "you can starve to death on principle".

A newspaper editor, if he be honest, has to believe in principle. Otherwise he would sell his views to the highest bidder and perhaps make a dollar or two. Our country and our faith are based on principle.

It's up to the voter whether on Oct. 3 he votes for principle or expediency, BUT VOTE.

A recent release from a U. N. columnist, H. E. L. Stearns, says that other nations, particularly the "Soviet bloc", would like to move the U. N. out of New York to their country because 60 per cent of the U. N. budget is spent in this country. The U. N. contributes more than 60 per cent of the U. N. budget. For our money, let's get them out if we only contribute what's spent in this country. In fact, why not get them out anyhow—it's a good set-up for a spy system.

Monday's meeting of the board of supervisors left us with three queries: (1), was the board wise to commit itself and its successors to tax exemptions for oil industries and to promise to campaign for additional exemptions, all contrary to the legal advice of its attorney, Mr. Lucien Ger; (2) why does President R. G. Hubbard, in some ways the board's most able member, persist in voting against approval of bills the county admittedly owes but can't pay until after Oct. 1 (this time Beat One member, Mr. Charles Russ, Jr., joined in this view); and (3) why couldn't Beat Four's supervisor, Mr. James Nease, who has admittedly been ill, be at Monday's meeting when he was able to attend a football game Friday?

By Gone Days

10 YEARS AGO
Sept. 28, 1951—Sun Oil Company

pany plugged a dry hole on its No. 1 Western Lumber Company well after drilling to a depth of 10,378 feet, but withheld further information about moving its rig to the No. 1 Whitfield-Weston unit seven miles to the north.

25 YEARS AGO

Sept. 25, 1936—Mark Oliver was sentenced to seven years in the penitentiary by Judge White after conviction by a jury on the charge of armed robbery of Joseph R. Scharf at his store.

Letters

Editor, Sea Coast Echo:
Just to say Thank You to Mr. M. Hubbard and others for the back road between Clermont Harbor and Lakeshore. It was good to know during the hurricane threat that the Clermont Harbor folks had a way out. They have done a wonderful job.

Sincerely,
MRS. ROBERT L. SLIGER, JR.
New Orleans.
P. S. "Better known as Theo Schroyer," my mother, Mrs. A. Shaffer, lived in Clermont Harbor now. We have had a place over there since 1934. We love the Gulf Coast and wonderful friends we have there.

Editor, Sea Coast Echo:
I read in the latest edition of your paper that Bay St. Louis probably is going to have to charge more taxes because more pupils are enrolled this year in the city's public schools and that means more teachers and probably in a year or two more classrooms will have to be built. I have seen in your paper also that the school at Lakeshore is expecting more pupils and that is costing us money for teachers and classrooms. I am given to understand this is because industry is coming to our town and to New Orleans, possibly also Pascagoula.

I think all this is fine. We sure can stand a little growth, more money for our merchants, more money for the payroll, more money with which to pay taxes, etc. But I sure can't understand how Pascagoula is going to add all the extras it will have to its new refinery if that big company doesn't have to pay any taxes for 10 years.

How is it going to build the schools needed, add the teachers, expand its garbage collection for new residents, plus fire and police protection and (Cont. on Page 5.)

service only such as being a...
...growth, but in terms of expanded...
...All added up does the job...
...total equal to community friendly...
...ness such as industrial workers...
...would enjoy sharing?
...Mississippi's progress must be to the development of a stronger, less...
...views (Don't)

PROPOSED AMENDMENTS TO CONSTITUTION STATE OF MISSISSIPPI

SENATE CONCURRENT RESOLUTION NO. 101
A concurrent resolution proposing an amendment to the Constitution of the State of Mississippi so as to provide for the election of electors of this state for approval or rejection; said election to be conducted and held as provided by law for state-wide general elections.

ADOPTED BY THE SENATE August 24, 1961
Paul B. Johnson
President of the Senate

ADOPTED BY THE HOUSE OF REPRESENTATIVES August 24, 1961
Walter Sillers
Speaker of the House of Representatives

SENATE CONCURRENT RESOLUTION NO. 102
A concurrent resolution proposing an amendment to Section 211 of the Constitution of the State of Mississippi of 1890 so as to provide that the Legislature may provide for the sale of Sixteenth Section Lands for industrial development thereon for a gross sum, or may provide for leasing of same for industrial purposes for a term not exceeding ninety-nine (99) years for a gross sum.

Be it resolved by the Legislature of the State of Mississippi, two-thirds (2/3) of the Senate and the House of Representatives concurring therein, That the following amendment to the Constitution of the State of Mississippi of 1890 be submitted to the qualified electors of the State of Mississippi for ratification or rejection in an election to be held on the first Tuesday after the first Monday in October, A. D., 1961, viz:

Amend Section 182 of the Constitution of the State of Mississippi of 1890 to read as follows:

Section 182. The power to tax corporations and their property shall never be surrendered or abridged by any contract or grant to which the state or any political subdivision thereof may be a party, except that the Legislature may grant exemption from taxation in the encouragement of manufactures and other new enterprises of public utility extending for a period not exceeding ten (10) years on each such enterprise hereafter constructed, and may grant exemptions not exceeding ten (10) years on future additions to or expansions of existing manufactures and other enterprises of public utility. The time of each exemption shall commence from the date of completion of the new enterprise, and from the date of completion of each addition or expansion, for which an exemption is granted. When the Legislature grants such exemptions for a period of ten (10) years or less, it shall be done by general laws, which shall not be sold nor shall they be distinctly enumerated the classes of manufactures and other new enterprises of public utility, entitled to such exemptions, and shall prescribe the mode and manner in which the right to such exemptions shall be determined.

BE IT FURTHER RESOLVED, That the Secretary of State is hereby directed to give the notice of election in the manner and for the time as provided by Section 273 of said Constitution, and a special election is hereby called and fixed to be held on the first Tuesday after the first Monday in October, A. D., 1961, for the purpose of submitting this and other amendments to the Constitution to the qualified electors of this state for approval or rejection; said election to be conducted and held as provided by law for state-wide general elections.

Paul B. Johnson
President of the Senate

ADOPTED BY THE HOUSE OF REPRESENTATIVES August 24, 1961
Walter Sillers
Speaker of the House of Representatives

Section 211. The Legislature shall enact such laws as may be necessary to ascertain the true condition of the title to the sixteenth section lands in this state, and shall provide that the sixteenth section lands reserved for the support of township schools, except as hereinafter provided, shall not be sold nor shall they be leased for a longer term than ten (10) years for lands situated outside municipalities and for lands situated within municipalities for a longer term than ninety-nine (99) years, for a gross sum; provided further that existing leases of the sixteenth section lands situated in the municipalities of the state may, for a gross sum, be extended for a term of years not exceeding ninety-nine (99) years from the date of such extension, but this

Be it further resolved, That the Secretary of State is hereby directed to give the notice of election in the manner and for the time as provided by Section 273 of said Constitution, and a special election is hereby called and fixed to be held on the first Tuesday after the first Monday in October, A. D., 1961, for the purpose of submitting this and other amendments to the Constitution to the qualified electors of this state for approval or rejection; said election to be conducted and held as provided by law for state-wide general elections.

Don't let overconfidence cloud our happy skies

PASCAGOULA CHRONICLE-STAR

You know how it is when skies seem everlastingly blue, when everyone smiles, when the cash register jungles receptively all day long and there are no worries in the whole wide world?

Then, sometimes, things appear to be too good and you begin to poke around in your mind to discover if there isn't after all something that we should be worried about?

That's us right now.

Because no serious and/or widely-held objections have arisen to the proposed constitutional amendments on which Mississippians will vote Oct. 3.

The amendments will allow 16th Section school lands to be sold or long-leased for industrial purposes, will allow counties to grant 10-year tax exemptions to new industries. They are prerequisites to the location here of a \$125-million oil refinery.

Organizations the state over

have sharpened their spears, tightened their bowstrings and refocused their arrows and gone off to champion passage of the amendments.

Which amendments have been endorsed by public officials individually and through their associations and official bodies; by commercial, industrial, fraternal and social organizations; by the state's larger industries; by you and me and our neighbors, by everybody.

The only material question we have heard raised about the proposals was that posed by Hal DeCell, editor of the Rolling Fork newspaper, in an editorial which we reprinted here.

DeCell is worried that there may not be safeguards stringent enough to make skullduggery impossible in disposing of school lands in other situations in the future.

We do not ignore this worry, because the man has a point. But

we think it can be blunted by mentioning that the statute books are replete with words spelling out punishments for malefactors in public office and for those with whom they malefact.

So, that forms no cloud in our blue sky. We look about some more and perceive only one possible but tiny blemish:

Overconfidence.

So overwhelming is the endorsement of the amendments that the citizens, including even the carders themselves, may stay at home Oct. 3 and let somebody else go to the polls.

That somebody else may be every congenial agin'er in the state, all the perennial opposers, and our \$125-million refinery could disappear like a mirage in our blue sky.

Don't let that happen. Circle Oct. 3 on your calendar now - repeat now. Go to the polls. Vote for the amendments.

By Governor Barnett

State's Future Seen Tied to Oct. 3 Vote

Gov. Ross R. Barnett reminded Mississippi voters this week that "the future progress of this great state can be substantially enhanced by your approval of two constitutional amendments at the polls next Tuesday, Oct. 3."

"On next Tuesday," Governor Barnett declared, "Mississippi is given the opportunity to decide whether it will stand still or move forward to greater economic heights. I have no fear but that Mississippians, as usual, will show the desire and courage to cast their votes overwhelmingly in favor of the amendments and in favor of progress."

The two amendments, designed to stimulate the state's industrial development and thereby the over-all economy, are submitted to the people with the near-unanimous recommendation of the legislature. They were drawn not only to make possible the securing of Standard Oil's \$125 million refinery but so as to make every county and section of the state competitive with neighboring states in their efforts to secure new jobs and payrolls for their people.

Governor Barnett, who only a few weeks ago announced the acquisition of a \$125 million oil refinery for the state, contingent upon approval of the amendments, has since advised that a number of other major industries have shown serious interest in locating in Mississippi.

"My conferences with industrial leaders in the North and East," the governor said, "have been most encouraging. They are greatly impressed with the attitude of Mississippi people and all other factors important to the successful operation of big industry. Several have indicated that the refinery location in this state makes them more interested than ever in coming to Mississippi."

"I want to emphasize just as strongly as I possibly can," the governor added, "that next Tuesday could prove to be the most important date in the state's history. Certainly, all Mississippi voters should want to do their part in building a greater state by voting in favor of opportunity."

Concerning Industrialization

The Door Creaks Pile?

We Mississippians have apparently come to the conclusion that the way to raise our economic levels is through industrialization. So ardently have we adopted this belief that the word "industrialization" itself has become like a twin with the word "segregation". Tag any move or manipulation with either, and immediately it becomes taboo for any citizen to oppose it or even venture a word of warning as to possible consequences.

We are, of course, heartily in favor of industrialization. And we have given both time and effort and money on both the local and state levels in efforts to achieve it. But we are, nevertheless, at times moved to stand aside, as it were, and consider the path we are following.

For this reason we found most interesting an article by John Fischer, editor of Harper's Magazine. With the thought in mind that you, too, may find some of his comments thought-provoking, we offer the following excerpts:

"Our poorer communities have, of course, been looking for just such a recipe for generations. They have tried many kinds of lures to attract new industries. The favorite has been tax concessions . . . Often they have put up new buildings and offered them at low rent (or none) to any factory that would move in. In addition they usually have promised cheap labor, and some Southern states have hinted loudly that newcomers wouldn't have to worry about trouble with labor unions.

"All too frequently the catch has proved disappointing. For the kind of industry that will snap at such bait is hardly worth having. The South, for example, succeeded in enticing a good many textile mills away from New England - but the industry already was in decline, and its low wages have certainly bestowed no crescendo of prosperity on the Carolinas or Georgia.

"On the other hand, the exciting growth industries - electronics, for instance - aren't interested in cheap labor. They need highly skilled men and are willing to pay almost any price to get them . . . Neither are they much interested in low taxes, because low taxes mean poor schools. Such schools can't turn out the kind of brains these industries need; moreover, the men they seek aren't willing to settle in communities where their children will be doomed to a second-rate education. . . ."

"It is interesting to note the places where such industries have, in fact, chosen to locate. Although some are scattered in many parts of the country, they have tended to gravitate toward two great concentrations: one in Southern California, the other in the Boston area.

"Why have such plants sprung up in these two places - rather than in, say, Arkansas, Mississippi or upstate New York, which need new industry much more desperately? Certainly not because California and Massachusetts did a better promotion job or offered bigger tax and wage incentives; their promotion has been negligible and their tax incentives nil.

"By happenstance, however, both areas did offer two powerful attractions: 1. A pleasant environment to live in. 2. Great universities. These often turn out to be the decisive considerations for a management which was worrying about the recruitment of key personnel."

We do not, of course, agree with Mr. Fischer altogether. He seems inclined to forget, it appears to us, that in industrialization as in all other endeavors, it is necessary to crawl before you can walk. In Mississippi and the South in particular, the industrialization effort had of necessity to begin from scratch. Textile mills, in spite of low wage scales and tax incentives, presented to our states a tremendous step forward in the recuperation of our economy from the comparatively recent ravages of extreme proportions.

In spite of resulting appearances, however, we are convinced that in Mississippi, for instance, the vast majority of our citizens are interested in the long run more in raising the economic standard of the average Mississippian than in enriching the few through tax advantages and incentives. That we may have done otherwise in the past is a situation that has been caused by frank necessity.

Mr. Fischer's remarks do, however, serve a pertinent purpose in directing our thoughts and attention to the stark fact that there is, indeed, a saturation point in the current practice of alleviating the tax burden on those who have in abundance by transferring it to the shoulders of those who labor in comparative poverty.

No Rocks

One Portland, Oregon, home builder is building all wood joist having large glass walls. Best way to insure good ventilation is to floors in his new model homes. He insert a louvered glass section near switched from concrete slab floor the floor between 2x4 Douglas fir when women complained they got mullions. Fir mullions make clean back and leg pains from walking lined frames and support members on concrete all day.

Grille Screen

A good way to screen a large view window from stares of passers-by is to build a decorative wood screen at an angle between street and window. This screen of western red cedar or Douglas fir can be an ornamental addition to the yard.

Ventilation

Ventilation is needed in homes having large glass walls. Best way to insure good ventilation is to floors in his new model homes. He insert a louvered glass section near switched from concrete slab floor the floor between 2x4 Douglas fir when women complained they got mullions. Fir mullions make clean back and leg pains from walking lined frames and support members on concrete all day.

Privacy Wanted

In close-built city housing, a good way to get some privacy is to build screen-like partitions of wood and windows. This screen of western red cedar or Douglas fir can be an ornamental addition to the yard.

Letters...

(Cont. from Page 4) Everything both the town and the newcomers will expect. Could you tell me how all this will be paid for without this great big industry sharing the tax burden?

EDITOR'S NOTE: That is one of the problems involved in the adoption of the constitutional amendments to be voted on Tuesday, Oct. 3. This page and part of the next are devoted to views on this problem.

DENNIS THE MENACE - Mark Ketchum

OCTOBER 3, 1961

MISSISSIPPI'S

OPPORTUNITY

DAY

On October 3rd the voters of Mississippi are being asked to vote for two constitutional amendments. The amendments are necessary for Mississippi to obtain the \$125 million oil refinery at Pascagoula and they will facilitate the attraction of other large industries to our state.

A record turn out of voters, voicing their approval of the amendments, will demonstrate Mississippi's enthusiastic welcome to industry and the state's earnest desire for continued economic growth.

A vote for the amendments will be a vote for Mississippi's future progress.

MISSISSIPPI

Polly At Waveland

Complain about the prolonged heat if you must. Any many of us will. Much louder and longer the walls will be. When once we see Winter's first fat gas bill!

The above appears to the originator to be a radical new form of poetry, and we use the word loosely—but we intend to savor each lovely, sunny, hot day to the fullest, and just can't resist mentioning some of winter's disadvantages. As summer, or perhaps it's Indian Summer, lingers on everyone continues to enjoy swimming, crabbing, fishing, sailing and similar activities.

Despite the warmth, an unseasonable siege of flu has confined several of our hardier residents to their beds—Brewster Mollere was up for the first time Saturday—Mamma-In-law Bootie, Ann Langley, Wesley Dorn, Dot Mayfield were also sufferers, so we'll send them all our best wishes. . . Same greetings to Babe Bordages who has been under the weather, but is feeling much better now, to R. J. Ladner, he suffered another heart attack last Sunday at his home in Lakeshore and to Harry O'Neill who has such a miserable cold that he and Gladys returned to the big city quite early Sunday.

Welcome to This Planet!

One of the happiest little boys around is Emile Bourgeois—Mamma Billie and Daddy Ben presented him and his younger brother with a baby sister last Friday. Born at 9:40 a.m. the young lady weighed five pounds and 11 ounces. . . Billie loans to Debbie as a name for the new arrival, Ben wants to call her Terry—Mother and daughter came home Saturday and are both doing fine.

Another work package was delivered Saturday to Mrs. Donald Caldwell and Mr. Caldwell, Boy High principal—parents of three boys, they were most happy to welcome a daughter weighing seven pounds and seven ounces. . . she was born at Hancock General.

Waltmans Celebrate

Congratulations to Mr. and Mrs. Kenneth B. Waltman—they dually celebrated their 19th wedding anniversary and housewarming (they're recently completed remodeling) at Kenwood, their summer home on Jeff Davis Saturday night. The house was gaily decorated with native foliage, the buffet table centered with a gorgeous array of "fruit cheeses" in an epergne, flanked with silver bowls holding cockscomb and wild berry foliage. Delicacies temptingly arranged to be included stuffed artichokes, hors d'oeuvres almost too lovely to be eaten (but they were) and a variety of beverages. Enjoying this sumptuous repast were Dr. and Mrs. Vernon R. Krohl, Messers, Mmes. Wendell T. Watson, T. J. Arcule, J. Otis Dalling, Gaston Dureau, Virgil P. Jolley, Emile Willis, Charles Halley, R. V. Schumert, Warren A. Scott, John W. Fanz, Rene J. Brunet, Jr., Karl M. Klein, J. E. Scott, Jr., Edward C. Kurtz, Juan Arrigunaga, Thomas Byrd, James A. Farmer, Rene J. Brunet, Miss Myrtle S. Healy and R. F. McCullough, all of New Orleans, Dr. and Mrs. Helmut Hornum and Dr. and Mrs. Wesley McFarland of Bay St. Louis, Mr. and Mrs. Sam Blanchard, Mr. and Mrs. Matt Ballatin and Mrs. Ella Foyre, Jensen of Waveland, and Dr. and Mrs. Edward Gamard, Messrs. and Mmes. Cory Spence, Edward W. Holmes, Louis Tregre, Roy A. Graziani, R. Richard Tarleton, Harold F. Cohen, John Eberhardt of Pass Christian and Mrs. J. H. Cassidy of Baton Rouge.

Fair Workers Feted

The staggering sum of four thousand, two hundred dollars (\$4,200) was presented to Father Costello by fair chairman, Edward LeVasseur and co-chairman, Henry Develle and Jimmy Lagasse at the St. Clare's victory supper at the parish hall Saturday night. Enjoying boiled shrimp and crabs, ham, potato salad and all the trimmings were those who labored so long and diligently to make the affair a success. . . Some of these were Margie and John Auderer, Althea and Sterling Balaski, Rose and Charlie Richard Claire and Fred Bourgeois, Slim Ladner, William Ford, Max Giamelloni, Red Hunter, Edna Davis, Lottie and Garfield Ladner, Ade Edel, Ora May and Connie Herlitz, Nona and Harold Zimmerman, Jimmy DeLano, the Alfred Zeiglers, Edgar D'Aquin, etc. Spending the first weekend since Labor Day at Gerstner's Villa in Clermont Harbor were Mr. and Mrs. Fred Gerstner, Mr. Freddie, as he is affectionately known to all of his friends, made his usual Sunday trip to Gulfview Haven to pick up Charlie Becker, take him for a ride and then to the Knock-Knock for a bit of libation. Weekend guests of Margie and John Auderer were Margie's sister, Mrs. L. F. Chapman and Mr. Chapman of New Orleans. A honeymoon in Pensacola, Fla. before returning to LSU Saturday. They were wed Saturday afternoon at St. Clare's.

Rummage Sale Stated

Elaine Davis and Doris Seuzenne co-chairmen, jointly announce that St. Joseph Academy Parent's Club will sponsor a rummage sale October 16 and 17. Anyone wishing to donate clothing, dishes, glassware and the like may either bring same to the basement of the convent or call Elaine or Doris who will be glad to pick up any and all rummage.

Much activity on Farrar Lane—Mr. and Mrs. W. P. Richardson who now live on Nicholson Avenue will soon move into Louise and Dave Markey's home. . . Louise and Dave plan to build on an adjoining lot.

Vivian and Nolan Brower left for the Crescent City Sunday after spending a month at their summer home on the corner of North and Fink Streets. Vivian was on vacation, Nolan, on sick leave which might explain the fact that she was the one who landed a six pound redfish at Sandy Bayou last week.

Louise Wymer spent a couple of days in New Orleans—the occasion, her first and only grandchild, Little Renee Watkins first birthday Sept. 13. The young lady was impressed with the cake, but didn't like the candles one bit after mamma Pat, lit them!

More baby news—Lola and Carlos Lozano's first son Gary, who weighed in at a bit over five pounds is gaining nicely. . . he's almost up to 11 pounds at the moment; and on the prospective heir from Marius and Bert Ladner's expected to due to arrive on Oct. 23.

Bay Side of the News

Mrs. Douglas (Babylove) Bourgeois is visiting in her hometown, Monroe, La., for a week or so—nephew Bill Hodge, a student at LSU, picked her up on his way home from school last Saturday. Beas Wagner is the newest new car owner—she's buzzing all over the place in a gay green Volkswagen. Our Beas was a bit confused when she acquired the vehicle—seems that the gears are a bit different from American models, reverse is where first is usually found. . . could have led to complications.

Lots of weekender again—to Thibodeaux, Lois and Pat Glass, mention a few—Sophie and Harry, the Harry Hites, the Clouds

OLDSMOBILE ON VIEW - Inspecting the 1962 Oldsmobile now on display at Ben Hills Motors are, from left, L. E. Brath and David Scott with Mr. and Mrs. Hills, proprietors.

Dukes, the George Ryans and Billy Bryant, a guest of Betty and Gerald Kennedy.

Beasie DeBlanc, Laura Hamer and Mrs. Edgar D'Aquin attended the rarest for women at Xavier Hall from Thursday through Sunday. . . Haven't found out how Jimmy and the Little DeBlancs fared, but Red Hunter and daughter Dianne solved the ditch-washing problem in a manner so novel that no one would believe us if we bragged it!

Complaint Dept.

And this one is a real "dozle", with complications. . . It seems that over a year ago a deep ditch was dredged on the lower end of St. Joseph and Pine Streets—so deep, in fact, that it has nowhere to drain—the resulting stagnant water is somewhat less than fragrant, breeds mosquitoes, is full of large turtles and the latest inhabitant is a turtle which is just about to frighten local residents out of their wits. City fathers and nuptial hunters, please take note.

Josie and Clarence Herbig formally christened the very fancy new barbecue pit and chimney on the porch of their summer home on Evelyn Place, Clermont Harbor Saturday night. Clarence and Lloyd Garcia built the edifice last weekend. The Garcias, Petersons and Steimles were among the crowd enjoying barbecue, of course.

Carriere Defeats Bay High

Carriere's Blue Devils scored a touchdown and extra point in the fourth quarter Friday night to defeat the Bay High Tigers 14-7 in a non-conference football game at Carriere.

Carriere scored first in the opening quarter when quarterback Hal Powell went over from three yards out for the touchdown. The extra point attempt was successful.

The Tigers came back in the second quarter striking quickly

when fullback Bobby Van Calsem scampered 70 yards to paydirt. Quarterback Ronnie Peterson added the extra point.

The teams fought evenly the rest of the first half and all of the third quarter, but the Blue Devils began a drive in the fourth period which led them to their winning touchdown, with fullback John Lavigne getting the six points on a one-yard plunge. Carriere made the extra point and the Tigers couldn't catch up.

Bay High moved the ball better in the Carriere game than the week before against Pass Christian, but several fumbles were costly to Coach Lance Lumpkin's crew, especially on a fourth-down kicking situation when a bad snap from center resulted in Carriere taking the ball deep in Tiger territory, leading to seven points.

The Tigers now have a record of one win and one loss, with a conference mark of 1-0.

Name Bowlers For Coast League Team

Six local bowlers with the highest summer averages have been selected for Bay Bowling Center's entry in the Gulf Coast traveling league which will begin play here Sunday, Oct. 8.

Dixie 45 Beer is co-sponsor of the team which includes Buddy Pittalo, Buck Kimball, Vernon

Bermond, Henry Schmidt, Dorold Carlat and Dave Polden.

Card of Thanks

I wish to thank everyone for their prayers, cards, flowers, and gifts to my dear mother, Mrs. Eva Senec of Mandeville, La., who will be leaving the hospital next month.

I take this opportunity to tell everyone how much I love to leave Bay St. Louis, but I am moving to Mandeville to take care of my mother and I hope someday to return to the Bay.

CLAIRE LENARD 107 Court St. Bay St. Louis, Mississippi.

We wish to take this means of expressing our sincere appreciation to all who were so kind during the recent illness and death of Mrs. Mary Ellen Williams. Special thanks to Father Celestine and the Sisters at Kila Annunciation Church, to the MacDonald Funeral Directors and to all for the many beautiful floral offerings and kind expressions of sympathy.

THE FAMILY OF MRS. WILLIAMS

My sincere thanks to all who helped make my supper a success. To those who sold tickets and for all the wonderful donations. And to all those who bought supper. Special thanks to Mrs. Willie Mae Burns, Mrs. Mable Patterson, Mrs. Lena Phillips, Mrs. Lula Carter, Mrs. Sarah Williams, Mrs. Cora Alexander, Mrs. Isabelle Curry, Mrs. Evelyn Dorsey, Mrs. Salorino, Mrs. Mary Lewis, Mrs. Emma Kay, Mrs. Emma Wright, Mrs. Ara Ackers, and to Little Glenda and Rhoda Singleton and Inez Sims. Thank you.

Rocks Hold Terriers Scoreless Til Half

St. Stanislaus Rockchewers, after fighting to a scoreless deadlock in the first half, dropped a 14-0 decision to St. Francis de Sales of Houma, La., Friday night in their 1961 football opener at Stanislaus Stadium.

The Rocks moved the ball well in the first half, taking the opening kickoff and moving to the Terrier 30-yard line before an intercepted pass stopped the drive. Waldo Caceres was the leading ground gainer in the drive with one nine-yard end sweep proving to be the longest play.

Stanislaus held the Terriers, but after an exchange of punts, St. Francis began to go from their own 35. Two rushing plays put the ball on the 46 and the Terriers had a first down. Two plays later, with the help of an offside penalty, St. Francis picked up another first-and-ten on the Rockchew 40. A 14-yard run by all-state candidate fullback Sterling Marchive and an eight yard run put the ball on the 20, and another offside penalty gave the Terriers a first down on the SSC 15. Marchive picked up 13 more yards and a line plunge put the ball on the one, as the first quarter ended.

Quarterback Harry Haydel, home of Mrs. Walter Gen, Jr., failed to gain on a sneak attempt and another line plunge put the ball two inches away with fourth down coming up. On the next play, the Terriers scored, their fourth try from within two yards, but an offside penalty brought the ball back to the five and the fourth down situation was played over.

On a halfback sweep, however, Paul Fasullo threw the St. Francis ball carrier for a nine-yard loss and St. Stanislaus took over.

The Rocks worked out of trouble when Caceres broke loose on a 22-yard jaunt to the 36-yard line, and an eight-yard run by Caceres on a reverse play netted the Rocks another first down on the 47. St. Francis held on down, but fullback Danny Rhodes boosted a 45 yard punt dead on the Terrier eight yard marker.

After making one first down, St. Francis was forced to punt and the Rockchew defense blocked the kick, recovering on the Terrier 13. Caceres ran to the four on the first play but St. Francis recovered on an SSC fumble. St. Stanislaus intercepted a pass just before halftime but didn't have time to threaten.

The Terriers took the second-half kickoff and marched 64 yards to pay-dirt with Tom Ellender going over from 13 yards out on a beautiful and run-cupback play. Sterling Marchive added the PAT after a handoff from quarterback W. Mollison.

The Terriers scored again late in the third quarter on a quarterback keeper with Haydel doing the ball-toting. Marchive went over untouched for the extra point and from then on the Rocks never could muster a threat.

Leading players for SSC on defense included end Arthur Wynn, center Mike Mosburn, halfback Donald Smith, and Caceres.

NEW CHEVYs - The 1962 Chevrolet is previewed to area service station at Gulf Chevrolet on U. S. 90.

Methodists Observe Rally, Promotion Day

A Rally and Promotion Day program was presented Sunday morning at Main Street Methodist Church with William R. Pitcair, Jr., Sunday School Superintendent, in charge of the program which included presentations by each of the 11 classes. Rev. E. E. Price presented from the primary to the junior department. Little 1 Clear

Bay High's junior varsity 1961 record unfolded with a 14-13 victory over Pass Christian JV in the first game of the season at West Junior High.

The Tigers managed to check Leroy Lake in action on a pass play for the Bay High team.

Black Stanley Bircel's extra point, 7-0.

He threatened to win, however, when they drove the ball to the 10-yard line after a jarring play by Jimmy Ruth.

Tuesday night, the Tigers cashed in on their drive to make extra points 13-13 decision over 1-0.

In Pass Christian's last game, making two extra points, 2-0.

Stanislaus ran the Gulfport team to a victory quarter.
